

COMPANY BRIEFING

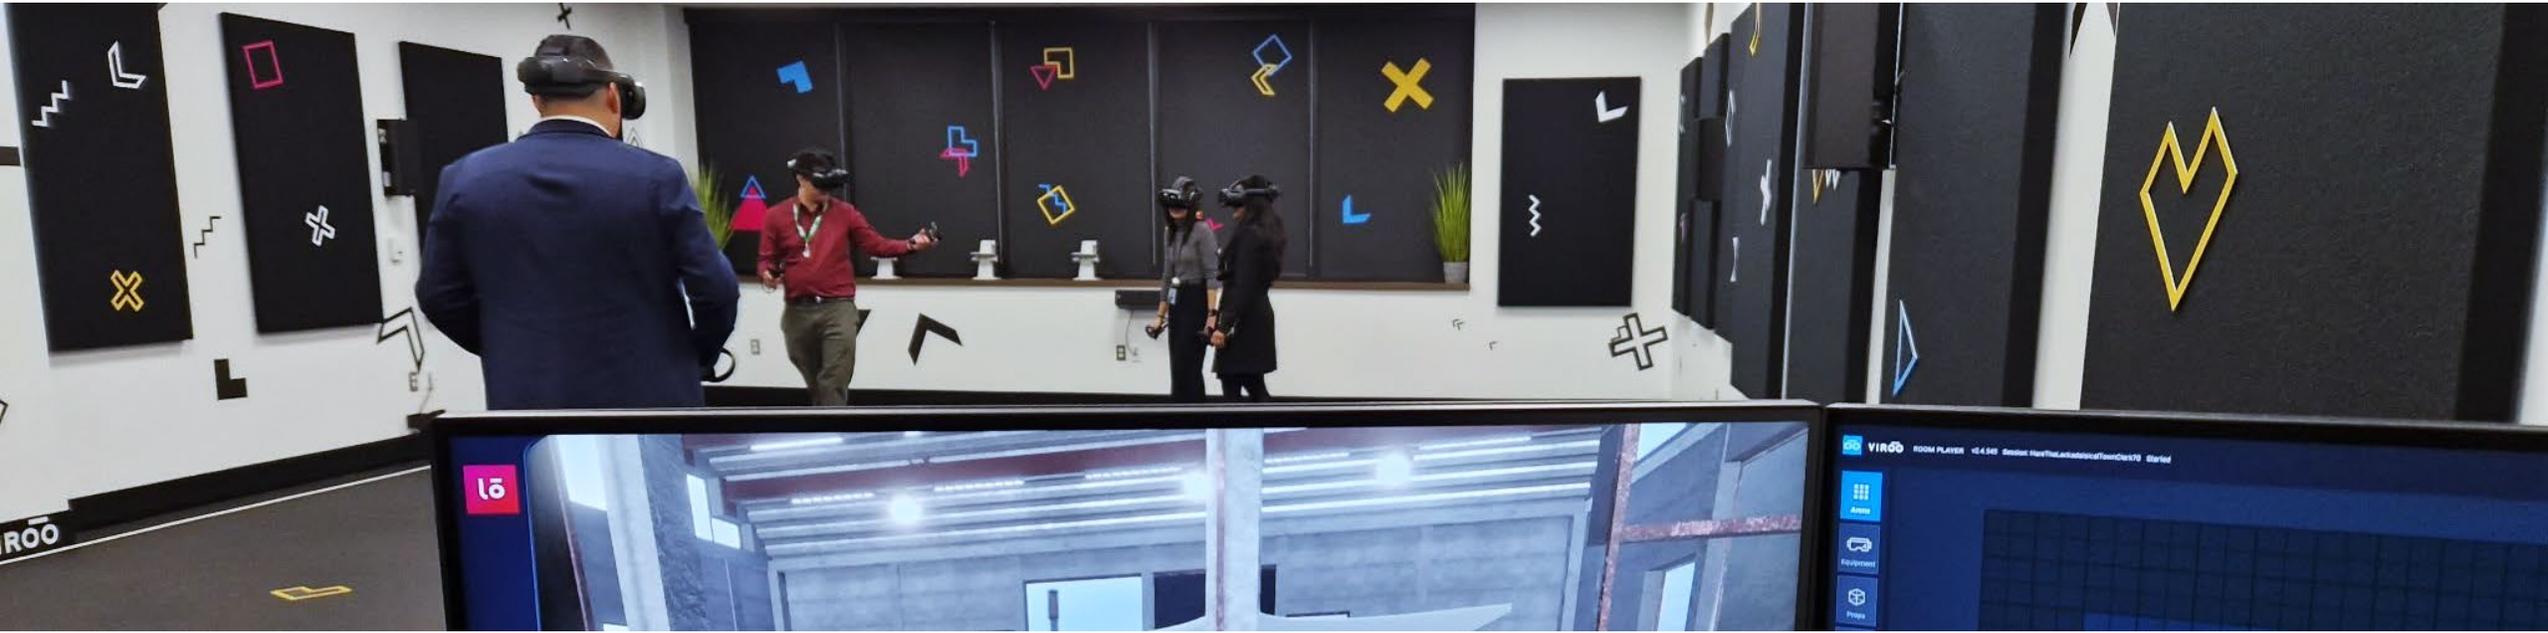

2024

Virtualware has earned its place as the leading VR for Industry company, globally, thanks to its platform-based approach towards immersive technologies.

Virtualware, founded in 2004, is a leading provider of VR technology and the leading VR for Industry company. It offers a VR platform and tools that enables innovation in sectors such as energy, defense, transportation, education and healthcare.

Headquartered in Bilbao, Spain, with a significant presence in the United States and Canada, Virtualware has been listed on the Euronext Access Paris stock exchange since April 2023 (Ticker: MLVIR).

VIROO[®], 20 years
culminating in a cutting-edge
VR as a Service platform.

Virtualware's flagship platform, is redefining the realm of VR application development and deployment. Recognized for its pioneering approach in the immersive technology sector, VIROO[®] is rapidly becoming the global benchmark for multi-user VR applications.

The platform's strengths lie in its robust security features and unwavering commitment to quality and simplicity, ensuring operational excellence in every aspect. Virtualware's mission through VIROO[®] is to drive virtual reality adoption forward, leveraging innovative and sustainable strategies.

Virtualware is committed to both security and quality in all aspects of its operations.

Quality and Security Assurance

Our goal is not just to meet expectations but to exceed them. At Virtualware, we maintain an enduring dedication to ensuring security and quality across all facets of our operations.

We hold certification in ISO 27001, the globally recognized standard for information security, as well as ISO 9001:2015, the standard for quality management systems.

Virtualware has been recognized as one of the world's top VR players

VR Enterprise Solution of the year

In 2019, VIROO®, the flagship product from Virtualware, was distinguished as the premier VR solution for businesses at the VR Awards, an honor reserved for solutions that effectively meet the specialized requirements of corporations, academic institutions, and governmental bodies.

World's most Innovative VR Company

In 2021, Virtualware received the accolade of being the world's most innovative Virtual Reality company at the VR Awards. This was a recognition of the nearly twenty years dedicated to establishing and delivering superior immersive solutions for businesses.

Pioneers of the VR as a Service business

XR Today, a leading source for news and insights in extended reality, has showcased Virtualware as a prime example of the VR as a Service (VRaaS) business model, simplifying the integration of companies into the virtual reality landscape.

We have built an ecosystem which stands strong at the forefront of our growth strategy.

Virtualware empowers its clients through advanced VR technologies.

By providing state-of-the-art VR solutions, the company enables clients to harness the full potential of VR for their specific needs, driving innovation and efficiency in their operations.

“Virtualware always goes above and beyond to perform the best function for General Electric.”

Jarret Heitzman, VR Lead at GE

PETRONAS

Empowered by a true VR team,
with a deep understanding of
how VR can change industries.

Virtualware's success is underpinned by its team of 45-strong skilled VR professionals. This team is the driving force behind the company's innovative VR solutions, combining technical know-how with a deep understanding of client needs across various sectors.
